Douglas Hornell-Scott

Doug founded DH-S Security Vehicle Solutions in 2010 following a 10-year career with BMW overseeing its Security & Special Vehicle Division for Asia Pacific. He has been intimately involved with security vehicles for over 20 years, first as an operator with a government close-protection unit and then with a manufacturer, BMW AG. This exposure to both sides of the industry gives him a unique perspective and insight to the production and use of these vehicles.

Doug has advised governments, multinational corporations and private clients on all aspects relating to the procurement, acquisition, operation and use of security vehicles within a security environment. He has run extensive and bespoke security driver training courses in the Middle East, Africa and Asia Pacific. He has been involved in the planning and provision of security vehicles for major Heads of Summit meetings in Asia Pacific, notably ASEAN, APEC, NAM, OIC and the World Bank / IMF.

Prior to joining BMW, Doug served 15 years with the Hong Kong Police, 10 of which were spent with its elite Airport Security and VIP Protection Units; the latter before and during the handover of Hong Kong to China for which he was responsible for the coordination and movements of over 75 VIP motorcades. Doug was also responsible for the research, evaluation, trial and training of security vehicles, equipment and weapons. Just before leaving the police force, Doug was the motorcade commander for President Clinton's visit.

Doug is a member of ASIS, the International Association of Law Enforcement Firearms Instructors (IALEFI) and an associate of the Institute of Car Fleet Management (ICFM).
